

## Login as Data Provider

### Task1: Create a dataset for the ACADIS project

1. When I clicked "save and review" I got

Error 500: Internal Server Error

**URI** /metaarch/dataset/save

**Class**java.lang.NullPointerException

**Message**Cannot get property 'sortKeys' on null object

### Trace

```
Line | Method
->> 447 | doCall in meta.DatasetController$closure8
-----
```

2. Unable to add author?

When I entered author name, tried to search and clicked Add Author, no response

After I created new author and tried to search and clicked Add Author, no response

3. field error?

When I left the field "Search Author" with author name, clicked save and review, I would get error 500. And then I came back to the form page, I found Begin Date field would be autofilled with the author name.

4. Dataset has been saved

Although I got error message when I clicked save and review, I still can find the dataset I created in my data sets list. But the author was not been saved.

5. Cannot save platform and category?

I didn't see platform and category I chose showed on dataset info page.

### Task2: Edit the Dataset for the ACADIS project

1. When I edited and clicked save, I still got error 500. And I cannot save my changes to dataset.

Error 500: Internal Server Error

**URI** /metaarch/dataset/index

**Class**java.lang.NullPointerException

**Message**Cannot get property 'sortKeys' on null object

### Trace

```
Line | Method
->> 711 | doCall in meta.DatasetController$closure12
-----
```

### Task3: Add Documentation and Data Files to the Dataset

Looks good.

### Task4: Add External Links to the Datasets

Looks good.

### Task5: Creating New Documentaion using the Documentation Creation Wizard

1. After I added txt read me file to dataset, the file format was undetectable, something like

Metadata/Documentation File: ReadMe3\_v1.txt (0, 1 kB)

2.If I tried documentation creation wizard with both download&save to dataset options, After it I clicked Documentation Creation Wizard, I would get error 500.

Error 500: Internal Server Error

**URI** /metaarch/dataset/docWizard/11

**Class**java.lang.NullPointerException

**Message**Cannot get property 'id' on null object

### Trace

```
Line | Method
-> 54 | doCall in meta.DatasetController$_closure1_closure22
-----^
  53 | doCall in meta.DatasetController$_closure1
```

### Task6: Submitting your dataset to the ACADIS Archive

1. When I clicked submit to Archive, I got error 500

Error 500: Internal Server Error

**URI** /metaarch/dataset/addToArchive/11

**Class**java.lang.NullPointerException

**Message**Cannot get property 'name' on null object

### Trace

```
Line | Method
-> 1120 | doCall           in meta.DatasetController$_outputDatasetContents_closure21
-----^
  1118 | outputDatasetContents in meta.DatasetController
  816 | doCall . . . . .   in meta.DatasetController$_closure13
```

### Task7: Creating, Editing, Reviewing and submitting a Dataset to the Sandbox Project

**Create:**

1. Still got Error 500

Error 500: Internal Server Error

**URI** /metaarch/dataset/save

**Class**java.lang.NullPointerException

**Message**Cannot get property 'sortKeys' on null object

**Trace**

```
Line | Method
-> 447 | docall in meta.DatasetController$_closure8
-----
```

2. Cannot add author/search author(same as previous one)
3. Cannot save platform/category(same as previous one)

**Editing:**

1. Still hoy Error 500 and cannot save changes to dataset

Error 500: Internal Server Error

**URI** /metaarch/dataset/index

**Class**java.lang.NullPointerException

**Message**Cannot get property 'sortKeys' on null object

**Trace**

```
Line | Method
-> 711 | docall in meta.DatasetController$_closure12
-----
```

**Add documentation/data Files:**

Looks good.

**Add External Link**

Looks good.

**Documenttaion Creation Wizard**

1. Same as previous one. Would get Error 500 for the next try if I chose "download/save to dataset" for the previous try.
2. Same as prebous one, undetectable txt file format

**Submit to Archive**

Error 500

Error 500: Internal Server Error

**URI** /metaarch/dataset/addToArchive/14

**Class**java.lang.NullPointerException

**Message**Cannot get property 'name' on null object

## Trace

```
Line | Method
-> 1120 | doCall           in meta.DatasetController$_outputDatasetContents_closure21
| 1118 | outputDatasetContents in meta.DatasetController
^ 816 | doCall . . . . .   in meta.DatasetController$_closure13
```

## Login as DMG User

### Task8: Switch User

Looks good.

### Task9 Reviewing the ACADIS and SandBox Datasets

#### For Acadis project normal view:

Looks good

#### For Sandbox project normal view:

Looks good.

#### for acadis project formatted view:

Error 500:

Error 500: Internal Server Error

**URI** /metaarch/dataset/allMetadata/11

**Class**java.lang.NullPointerException

**Message**Cannot get property 'name' on null object

## Trace

```
Line | Method
-> 1120 | doCall           in meta.DatasetController$_outputDatasetContents_closure21
| 1118 | outputDatasetContents in meta.DatasetController
^ 903 | doCall . . . . .   in meta.DatasetController$_closure15
```

#### For Sandbox project formatted view:

Error 500.

Error 500: Internal Server Error

**URI** /metaarch/dataset/allMetadata/14

**Class**java.lang.NullPointerException

**Message**Cannot get property 'name' on null object

## Trace

```
Line | Method
-> 1120 | doCall          in meta.DatasetController$	outputDatasetContents_closure21
-----|-----|
| 1118 | outputDatasetContents in meta.DatasetController
^ 903 | doCall . . . . . in meta.DatasetController$closure15
```

## Task10: Creating, Editing, Reviewing, submitting datasets as DMG User

Not Finished

### New Account

#### Task 11:Creating a New Account

1. When I clicked the link in my email to finish registration, the page looked like bellow (not sure if it suppose to be like this)

The screenshot shows a web browser window with a blue header bar. On the left, there are dropdown menus for 'UCAR' and 'NCAR'. On the right, there are links for 'Find People' and 'Contact/Visit'. The main content area has a light blue background. At the top left, it says 'NCAR UCAR | EOL'. To the right of the logo, the text 'MetaArch' is displayed in large, bold letters, with 'Metadata Archival Tool' in smaller text below it. At the bottom right of the main area, there is a link 'Not a user? Register Here' and a 'Login' button.

The background of the page features a repeating watermark pattern consisting of stylized globe icons. Each icon contains the text 'EARTH OBSERVING LABORATORY' and 'CDS'.

2. I tried to login with my new account, and the message showed "Sorry, Your account is locked"
